

Data Plus Expands Global Reach with New Hotel Clients

Financial management service expands its tailored solutions across Asia, Australia and North America

January 14, 2025

Chelmsford, MA – Data Plus, a leading USALI compliant financial management system for the hospitality industry, is proud to announce its platform's implementation in three esteemed hotels: Stone Harbor Resort in the United States, The Standard Singapore, and The Standard Melbourne. Notably, The Standard Melbourne marks Data Plus's entrance in Australia, underscoring the company's continuing international growth footprint.

Tailored Solutions for Regional Compliance

Data Plus's platform enabled each hotel to meet local financial regulations with ease. Custom reports and exports were developed for The Standard Singapore to support banking standards and VAT tax reconciliations. Similarly, The Standard Melbourne's implementation included adjustments to comply with Australian payment reporting standards. These enhancements demonstrate Data Plus's commitment to delivering customized solutions for global clients.

Comprehensive Financial Management

Designed to integrate seamlessly with property management systems, Data Plus streamlines operations with customizable workflows and end-to-end financial oversight. From procurement to payments, the platform empowers hotels to improve efficiency and transparency.

Stone Harbor Resort, a Wisconsin destination with diverse amenities, chose Data Plus to modernize its financial systems under new ownership. The resort's extensive reporting and workflow needs were fully met by the platform's robust capabilities.
