OVERVIEW

DP Supply is an advanced solution for AP Automation & P2P "purchase to pay" in the hotel sector. It's next-gen automation offered at an affordable price, providing a seamless paperless experience by integrating e-invoicing, purchase invoice approval, purchase order & receipting and Savings as Service.

FREQUENTLY ASKED QUESTIONS

What is unique about DP Supply in comparison with other AP Automation solutions?

The DP Supply system is apt for the hotel / catering business, which has an intuitive interface linking it with ERP. Accounting software, advanced AI based Digital Invoice Capture and complete AP automation where efficiency and transparency are critical to every transaction and payment.

Is it possible for DP Supply to handle sophisticated approval workflows?

Yes, DP Supply has the capability to build advanced dynamic workflows that can be customized based on specific properties, departments, dollar thresholds and multi-tier approval processes required by diverse hospitality operations management.

Which vendors are integrated with DP Supply?

DP Supply has prebuilt integrations to key suppliers/vendors such as Amazon Business, US Foods, HD Supply, Guest Supply, Gordon Food Service and American Hotel Register and more. We are continuously onboarding additional vendors every day.

How does the digital invoice capture work?

Leveraging AI technology to capture digital invoices allows for advanced invoice processing at the header and line item level, real-time invoice status tracking and provides a paperless AP solution.

How does DP Supply help improve productivity?

By replacing manual processes like data entry and approval workflows with automation, DP Supply can save up to 90% of the time you spend on these tasks allowing your team to focus on improving guest experiences and other strategic activities.

What makes DP Supply good for decision-making?

With real-time data and comprehensive reporting, decision makers can track all spending information, providing a complete view of purchasing commitments and actual expenditures.
